March 2024

Funnies

When I offer to wash your back in the shower, all you have to say is 'yes' or 'no'. Not all this "Who are you and how did you get in here?" nonsense.

Concrete pads have been poured around the shelter house for hard surface. Three pergolas were ordered and have been received. Installation in the coming month. A fire pit is in the plans but may come a bit later.

A vendor for dog poop waste stations has been sourced and units will be ordered soon.

Reminder: Our first subdivision wide garage sale will be in May. The date will coincide with subdivision wide garage sales at Raintree and Ward Park Place.

Social Committee

The social committee is so looking forward to planning events at our shelter house as it continues to improve . . . no more siting in the grass. If the weather cooperates we hope to celebrate the completion of this phase of improvements . . . watch your email.

A women's luncheon will be held at the Tea Room in Greenwood. After that we have a Sip and Paint class scheduled. Please let committee members know if anyone has ideas for other activities.

AC dinner out at Merle's American Tavern in Peculiar on March 14. Bingo following dinner that evening. A flyer with more info will be coming soon.

Maintenance

Sticks on each side of the entrance have been picked up and the pampas grass been cut and removed. Ready for another season.
